

Supplier Declaration on Chemicals Regulation (EC) No. 1907/2006 (REACH)

Dear Sir or Madam,

norelem Normelemente GmbH & Co. KG is an EU-based supplier of clamping technology, standard elements and operating parts and supplies worldwide, mainly to machine and fixture construction industries.

We hereby declare that we are aware of the relevant obligations of the EU Chemicals Regulation (EC) No. 1907/2006.

To the best of our knowledge, the standard products* supplied by norelem Normelemente GmbH & Co. KG contain only substances and compounds which are registered in accordance with REACH, which are not subject to mandatory authorisation according to appendix XIV and which are not subject to any application-related restriction according to appendix XVII.

As of 17.01.2023, the list of substances which are eligible for authorisation as Substances of Very High Concern comprises **233 substances**.

Our sub-suppliers have been contractually advised by us of compliance in connection with REACH.

SVHC substances:

On 27.06.2018, lead (CAS No. 7439-92-1) was added to the ECHA candidate list.

Lead is currently still contained in many individual parts of our product range as an alloy component.

The use of these products is still approved and safe. Safety documentation is not required.

* "Products" - According to REACH, this also includes packaging, operating instructions and everything else supplied.

Detailed information on SVHC's contained is available on request.
